SEASONAL POOL LOCATED WITHIN THE COUNTRYSIDE SPECIFIC PLAN, CITY OF MENIFEE

Dear Mr. Rasnick:

This letter confirms Regional Board staff's determination that we have declined to regulate discharges of fill to a seasonal pool located west of the recently-completed Paloma Channel within the residential portion of the Countryside Specific Plan in the City of Menifee. The seasonal pool is more specifically identified as "Seasonal Pool 1" within various related reports prepared by Glenn Lukos Associates for the Countryside Specific Plan. Seasonal Pool 1 is comprised of approximately 0.06 acre.

This determination is based on Regional Board staff's review of biological reports submitted within a Report of Waste Discharge for discharges of fill to waters of the State at Countryside Specific Plan and a site visit by Regional Board staff on September 18, 2008. Based on these reviews and the site visit, Regional Board staff has concluded that the fill of Seasonal Pool 1 would not adversely affect any meaningful beneficial uses. Regional Board expressed this conclusion to staff of Glenn Lukos Associates during the September 18, 2008 site visit.

Regional Board staff reserves the right to amend this determination based on any new information or changes in site conditions.

If you have any questions regarding this matter, please contact me at (951) 321-4584 or at mbrown@waterboards.ca.gov.

Sincerely,

Marc K. Brown
